

Dr Bike

At Dr Bike mechanics will inspect and repair your bike for free.

Dr Bike will check the following

- The overall roadworthiness
- Brake pads and cables
- Gears
- Wheel spin and alignment
- Tyres and inner tubes

If a serious problem is identified, an explanation and recommendation will be provided to the participant. Events generally take place on the last Friday of each month, at the Better Bankside Community Space.

For bookings and info visit www.betterbankside.co.uk/events

Cycle Maintenance

Free cycle maintenance courses for businesses and their employees, each session focuses on specific aspects of bike repair.

The sessions last two hours and are advertised in Better Bankside's monthly ebrief. Additionally, Better Bankside can arrange in-house training sessions for your workplace at a date and time of your choosing.

For bookings and info visit www.betterbankside.co.uk/events

Cycle Cleaning Breakfast

Cleaning your bike can save you money because removing the grit and grime from your wheels helps your brake pads perform and stops them wearing away as quickly.

- Clean sprockets and chains to make them last longer and give you a smoother ride.
- Free security marking from Metropolitan Police
- The right kind of chain oil applied
- Free use of Better Bankside's cleaning equipment
- A warming breakfast! Free for employees of member businesses.

For bookings and info visit www.betterbankside.co.uk/events

Better Bankside
Cycling Services
What we do for you

www.betterbankside.co.uk/travel

Travel Tool

A web-based tool handy for checking your travel options on the go.

The Travel Tool brings together:

- Real time updates on availability of Barclays Cycle Hire (bikes and spaces)
- On-street cycle parking locations
- Electric vehicle charging points
- Live traffic disruption updates
- Bus stops and river bus service locations

The Travel Tool also links to live updates on local bus routes, tube and rail stations, providing information on departures and delays.

Cycle Park

With 70 free parking spaces in a dedicated area of an underground car park, it keeps your bike dry and safe.

Access is only by security swipe card, and the car park is covered by CCTV and monitored by the Better Bankside Wardens, meaning your bike is very safe. If your bike needs fixing we also provide a free on-call 'Dr Bike' service!

Brompton Hire

Pool Bike Scheme for your office for six months, or test-ride a Brompton for two weeks, for free!

Looking to promote healthy, sustainable travel to your employees? Borrow a Bankside Brompton bike for business trips and errands. Our space-saving folding bikes can be loaned free of charge to a business for a six-month period. They are also available for area employees to use for work trips during the day.

Alternatively, test-ride one for a two-week period. The trial is completely free, but we request that participants take part in a free introductory session with a cycle trainer to ensure they are road-ready!

Pink Pitstop

Located less than 100 metres from one of London's busiest Cycle Superhighways (7) Better Bankside provides the UK's first free on-street pitstop for bicycles!

The Pink Pitstop provides cyclists with eight tools for repairs or adjustments as well as a track pump for the essential free air. The bike repair stand is designed as a stable mount for any bike making repairs and adjustments that much easier.

The stand, dubbed 'the Pink Pitstop', due to the unmistakable colour branding in a vibrant powder-coated pink is available 24/7.
